Members of the Budget Board and
Citizens of Tulsa County, Oklahoma

It is my pleasure to present the 2019-2023 Capital Improvements Program (CIP) for Tulsa County, Oklahoma. This is the twelfth year for the five (5) year Capital Improvements Program. The CIP process is meant to provide a focused plan to identify the County's infrastructure and capital needs and the funding to meet those needs. While several projects have funding sources, the critical need of the County is to identify and establish a recurring funding source for capital requests.

The total Capital Requests for the five-year period from July 1, 2018 to June 30, 2023 is \$117,694,495. A total of \$138,107,743 in Capital Requests was submitted for the five-year period from July 1, 2017 to June 30, 2022.

	Total All Requests	Unknown Funding Source	Known Funding Source
July 1, 2018 - June 30, 2023	117,694,495	11,813,000	105,881,495
July 1, 2017 - June 30, 2022	138,107,743	15,750,185	122,357,558
July 1, 2016 - June 30, 2021	99,807,473	12,115,800	87,691,673
July 1, 2015 - June 30, 2020	103,423,680	29,024,280	74,943,000
July 1, 2014 - June 30, 2019	90,403,122	19,460,122	70,943,000
July 1, 2013 - June 30, 2018	227,880,615	221,059,590	6,821,310

Ten percent (10.04%) of the dollar amounts requested cannot be funded at this time. Of the \$117,694,495 that has been requested in the CIP this year, \$11,813,000 has no funding source. The CIP is a planning tool for infrastructure and other capital improvements which prioritizes projects and schedules them for completion as soon as practical. Due to limited funding sources, many projects simply must wait for funding and completion. The CIP is a five-year plan that will be updated and revised on an annual basis. The annual updates will reflect changing priorities and revised cost estimates.

I would like to thank the Tulsa County Budget Board, the various department heads, and the staff of the Fiscal Office for their effort and input that help shape this document.

Respectfully submitted,

Dr. Tom R. Gerard
Tulsa County Fiscal Officer

Tulsa County Headquarters Bldg

BUILDING OPERATIONS

Justification To consolidate County offices to save taxpayers' money and to serve public in a more efficient manner

Financial Impact to Tulsa County Moving Public Defender to our Ray Jordan Administrative Building saves us an annual rent. Also, we were leasing parking space for our employees. We now have our own parking space so we can eliminate the cost for the lease of parking.

Non-Financial Benefit to Tulsa County By merging County offices and freeing up more spaces in courthouse, we can provide more spaces for visitors for court related matters as well as for applying for marriage licenses and passports.
