Office of the County Engineer,
Tulsa, Okla.

July, 19, 1920.

Hon. County Commissioners,
Tulsa, Okla.

Special Committee Chamber of Commerce,
Tulsa, Okla.

Gentlemen:-

(Copy of letter from J. T. Lantry is hereto attached.)

I am advised by the Portland Cement Association that in their opinion the situation here in respect to cement should be bettered with a very few days, and that the three companies with whom J. T. Lantry has contracts hopes to be able to meet the promise that Mr. Lantry refers to in the attached letter, gradually building the shipments up to 15 cars of cement per week. As a consequence, the writer is of the opinion that within three weeks, probably four weeks, at least two of Mr. Lantry's jobs will be running regularly.

Very truly yours, Dan W. Patton, County Engineer.
