roll call: Selph, yes; Rice, yes; Harris, yes. Motion carried. Edwards is to write a letter to Bales informing him of the Board's decision.

Terry Tallent briefed the Board on the Personnel Division's utilization of a medical auditing service since February. The service is provided by Intra Corp accuMed in an effort to reduce the cost to Tulsa County in providing Workers' Compensation to our employees. Tallent reported that during the past nine months accuMed has audited a total of 61 medical bills for Tulsa County. These bills included both physician's services and hospital charges. Tallent stated this program is one of several initiated to reduce job related expenses, and there has already been a savings to the County by the utilization of this firm. The Board directed Tallent to continue to track this subject and report at a later date.

It was determined that the subject of Tulsa County Casualty Insurance did not require discussion or Board action.

Meeting was adjourned at 11:14.
