

## COMMISSIONERS JOURNAL, TULSA COUNTY, OKLA.

Warden Co., Oklahoma City

and the damage or benefit to each tract of forty acres or less, and make separate estimate of the cost of location and construction, and apportion the same to each tract of land in proportion to the benefits or damages that may result to each. They shall also apportion and allot the construction or expense of same of the number of lineal feet and cubic yards of said work to each lot or tract of land, road, or railroad, in proportion to the estimate of benefits or damages as above described. They shall specify the manner and time in which the improvements shall be made and completed, the number of flood-gates, waterways, farm crossings, bridges, and the dimensions thereof, and note the county and township lines and railroad crossings. The plat shall be drawn upon a scale sufficiently large to represent all the meanderings of said improvements, and shall distinctly show the boundary lines of each lot or tract of land, and each of the owner or owners of each tract of land and of any interest therein, so far as they are able to ascertain the same; the authority or company having in charge, owning or controlling each public or corporate road or railroad, the distance in feet through each tract or parcel of land, together with such other matters as the viewers or surveyor may deem material. Such profile shall show the surface, the grade line and grade, if any, fixed, and the viewers and surveyors shall make and file with the report an itemized bill of costs made in the discharge of their duties. Such report shall be made and filed in the office of the county clerk within thirty days after said survey and levees are completed.

Dated this 4th day of November, 1912.

N. L. Sanders
