Coming on for a rehearing CZ-131, Eugene Sellmeyer, Applicant, tract located at Highway 169 and 120 St. North. Harris stated \$50 publication fee paid and hearing would proceed. Harris advised this was a rehearing and asked if any protestants were present. There were none. Moved by Harris, seconded by Selph, to approve the zoning application to CG. Upon roll call, Selph, yes; Rice, yes; Harris, yes. Motion carried. (Clerk's Misc. File No. 110232)

Bob Gardner, TMAPC, appeared before the Board and explained that the difference between the previous amendments and those currently proposed is the 300' setback from residential has been reduced to 200'; the reference to the 165' setback in regard to "lease line" has been deleted. In platted residential areas recorded in the County Clerk's Office, regardless of zoning, a special exception must be obtained to drill wells on someone else's property effective July 1, 1985. The mailed notice requirements were expanded to give mineral interests written notice. The oil industry representatives on the Committee agreed that one well-site per 20-acre tract is sufficient to meet these needs for any future drilling within newly platted subdivisions if these amendments are approved. Bill Breisch and Steve Yates appeared and stated that the Ad Hoc Committee agrees and supports these new changes. Moved by Selph, seconded by Rice, to approve the amendments to the Tulsa County Zoning Code and authorize execution by the Chairman of the Resolution when prepared and presented subject to sign off as to legal form by District Attorney's Office. Upon roll call, Selph, yes; Rice, yes; Harris, yes. Motion carried.

Moved by Harris, seconded by Selph, to cancel and disallow the following warrants:

Health-Warrant #0894 payable to DGI Systems for \$66.90

Health-Warrant #1606 payable to DGI Systems for \$32.95

Payroll Warrant #16318 in the amount of \$1,107.68
