A resolution was passed by the Board of County Commissioners asking that F.G.Hughes be notified to hand in his resignation.

Having been called to the District Court, the Board Adjourned to meet again Thursday, Oct 11th 1917.

Thursday, Oct 11th 1917,

The Board of Commissioners met in adjourned session, all members being present. the following application was taken up, and approved by the Board.

In re Application of Oklahoma Natural Gas Company, of Tulsa, Oklahoma, to construct pipe line over, under, and along and across the public highways of Tulsa County, Oklahoma, to-wit: Beginning at a point 500 feet east of the quarter corner between Sections 4 and 9, Township 19 North, Range 13 East of the Indian Base and Meridian, and running thence West along the Section line an average distance of 15 feet South of the center line thereof, to the quarter corner between Sections 6 and 7, Township 19 North, range 13 East of the Indian Base and Meridian, a distance of two miles plus 500 feet.

Now, on this 11th day of October, 1917, at a regular meeting of the Board of County Commissioners of Tulsa County, Oklahoma, held in compliance with, and according to law, the application of the Oklahoma Natural Gas Company, of Tulsa, Oklahoma, for the right to put down, construct and operate a part of its eight inch Line No. 248, upon, across, over and along the above specified highways of Tulsa County, Oklahoma, which application is in writing and sets forth that it is necessary for the purpose of further advancing the business of said company in the purchasing, producing, marketing, transporting and conveying natural gas, as in said petition stated, to lay, construct, operate and maintain that part of said pipe line along, under, across and over the specified public highways of Tulsa County, Oklahoma, comes on to be considered, and said Board, after hearing said application and considering the same, and being fully advised in the premises, finds that said application should be granted.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED, That the Oklahoma Natural Gas Company, of Tulsa, Oklahoma, be, and the same is hereby authorized and empowered to lay, maintain, put down, construct, and operate this part of its line for the conveyance, transmission and transportation of natural gas under, upon, across, over and along said specified public highways of Tulsa County, Oklahoma.

IT IS FURTHER ORDERED, That this part of said pipe line shall be buried so as not to interfere with the ingress and egress of adjacent farmers and property owners at the ordinary places of entrance to their lands, and at such other places along such highway where abutting land owners may desire to locate a place for entrance to their lands when so requested by said owners.

IT IS UNDERSTOOD, That in granting this order it shall be in no wise construed as assuming any responsibility on the part of the Board of Commissioners of said County, or on the part of said County, for any damage arising from the putting down, construction and operation of said line, but the Oklahoma Natural Gas Company shall be responsible for all damages accruing from the construction of said part of said line, or which in any wise may be caused or occasioned thereby, or by the use of the same.

IT IS FURTHER UNDERSTOOD AND AGREED, That this order and the rights accrued hereunder and granted hereby shall in no wise abridge the right or authority of the County Commissioners, the Township Trustees and Road Overseers of the public highways in said County as the same is now provided by law.

IT IS FURTHER ORDERED, That this part of said pipe line shall be used, made and constructed as not to interfere with the use of said public highway, nor the repair thereof, and where the pipe parallels section lines it shall be laid and constructed as near the outside line of the highway as possible, and in no case shall it encroach on the inside lines of the highways more than three feet without first obtaining permission from the Board of County Commissioners.

IT IS FURTHER ORDERED, That this part of said line shall be so laid and constructed as not to interfere with the drainage of the highway, and in crossing streams and drains shall be placed above or below the same so as not to obstruct the flow of water therein, and when placed under the surface of said highway the surface or roadbed thereof shall be restored to the same degree of safety for travel as the same was before said part of said pipe line was put under the surface thereof.
