Resolution

We, The Board of County Commissioners, of Tulsa County, Okla. believe that a bridge across the Arkansas River at Bixby, Bixby Township, Tulsa County, is at this time required and needed by the public and is now in demand, that such bridge will be about 1400 or 1500 feet long; that by reason of the many demands on this new county at this time, we the County Commissioners deem it inexpedient at this time to order such bridge built, and the county pay three fourths of the costs as the law now provides, and the township one-fourth. But if an act of the legislature could be had authorizing the Township of Bixby to pay one-half, it is the sense of this Board then to order such bridge built, and have the county pay one-half.
