

for the cost of an engineering investigation pertaining to Flood prevention and control along Bird Creek from the Osage Line to the Rogers County Line across Tulsa County.

A proposition has been submitted to us by competent engineers to make such a preliminary investigation as would be necessary to lead up to the formation of a proposed Improvement District. The estimated expense of which would be \$1,500.00 and we feel that since this proposed improvement district directly affects all of the Highways and Bridges within and adjacent with this proposed District and the further fact such improvement, if such can be carried out, is of vital interest to the people as a whole of Tulsa County and this Committee respectfully requests that you take such action as may be necessary to authorize the preliminary on the part of the County of the Cost of defraying such investigation.

Respectfully,
FLOOD CONTROL COMMITTEE TULSA CHAMBER OF
COMMERCE
By: N R Graham, Chairman

FLOOD CONTROL COMMITTEE SKIATOOK CHAMBER OF
COMMERCE.
By: A W Lucas, Chairman.

Motion was made that the above and foregoing letter be referred to the County Attorney for opinion.

In the matter of the application of the Oklahoma Natural Gas Corporation for permission to use public highways for the purpose of laying pipe lines, the following Order was made:

O R D E R

NOW, On this the 29th. day of November, 1926, the matter of the petition of Oklahoma Natural Gas Corporation for permission to lay a pipe line along, under and across certain highways in said County and State came up before the Board of County Commissioners of said County for hearing, and it appearing to the Board and each of the Commissioners thereof that it was just that the said Oklahoma Natural Gas Corporation be permitted to use as much of the highways as designated by plat filed by said corporation, and according to said description, which is as follows, to-wit:

Beginning at a point in the Northeast corner of Section 1, Township 21 North, Range 13 East, Tulsa County, Oklahoma, and running thence East to a point near the Northwest corner of the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 4, Twp 21 N., Rge. 14 E., thereby crossing the North and South section lines between Section 1-21-13 and Section 6-21-14, and between Sections 5 & 6, and 5 & 4 of Twp. 21 N., Rge. 14 E., and within and paralleling the East and West Section line road 22 feet from the center line thereof between Section 6-21-14 and Section 31-22-14; together with any other public roads or highways that may be crossed by a pipe line laid in accordance with blue print map of survey hereto attached, or attached to the Petition herein, and made a part of the Petition. This line known as "Line J-2 Extension", an eight inch (8") gas pipe line.

NOTE: This order supersedes and is to replace order made by the Board of County Commissioners of Tulsa County Oklahoma in favor of the Oklahoma Natural Gas Corporation, dated November 15th. 1926, covering this pipe line with slight change in location thereof.

And it further appearing from the petition herein that said pipe line will be so constructed as not to interfere with any of the rights of the general public in the
