January 8, 1919.

Hon. Board of County Commissioners,
Tulsa County, Oklahoma.

Gentlemen:--

We herewith hand you compilation of bids received on January 6th, 1919, as per your advertisements for culverts and bridges, on county road sections, H, K, L, Y, N, D, and A Tulsa County Roads.

Seven bids were received as follows:

J. K. Roach and John J. McNulty	\$11879.73
Brebe Gray Construction Co.	12862.03
G. E. Zimmerman	13549.31
Jack Hansel	13645.73
Creek Construction Co.	13910.07
Pioneer Construction Co	15956.86
A. L. Cook	15213.98
Engineers Estimate	14167.01

The bid of the Pioneer Construction Company and of A.L. Cook are above the Engineers Estimate and could not be considered.

Of the other bids that of H. K. Roach and John J. McNulty is the lowest. We therefore, recommend that the contract be awarded to J. K. Roach and John J. McNulty, for the concrete culvert work. We further recommend that the two bridges, and the three pipe culverts be not included in the award.

We find the Brebe Gray Construction Company the low bidder on the pipe culvert work, we therefore recommend that they be awarded the contract for the pipe culvert work.

We recommend that the two bridges be not built at this time,

Yours truly,

T. C. Hughes, Consulting Engineer.
Dan W. Patton, County Engineer.

January 8th, 1919.

Hon Board of County Commissioners,
Tulsa, County, Oklahoma.

Gentlemen:--

We herewith hand you compilation of bids received on January 6, 1919, as per your advertisement, for the grading of sections of County Roads as per following sections. Sections: H, K, L, Y, N, D, and A.

Five bids were received as follows:

J. E. Edwards	\$91631.49
A. L. Cook	83760.60
Creek Construction Co.	87461.39
J.T. Lantry	71096.64
Frøebe Construction Co.-	60910.36
Engineers Estimate	89203.29

The bid of J. E. Edwards is above the engineers estimate and could not therefore be considered. Of the other bids, that of the Frøebe Gray Construction Company of Muskogee, Oklahoma, is the lowest. We therefore recommend that the contract be awarded to the Frøebe Gray Construction Company.

Yours truly,

T. C. Hughes, Consulting Engineer.
Dan W. Patton, County Engineer.
