

Thursday, September 11, 2003 - Continued

Jordan presented the final Corps report on flood mitigation on the Cherokee stream. The Corps provided four alternatives: (a) detention pond plus flood wall and channel work which will provide improvements at Cherokee Elementary and in the community as a whole; (b) same as (a) but with a levee instead of a flood wall; (c) flood wall with acquisition of some homes downstream; and (d) flood wall only. Jordan recommended the Board choose alternative (a) which will protect Cherokee Elementary as well as improve conditions throughout the community. Funds are available through "4-to-Fix the County" to do the work. Moved by Dick, seconded by Miller, to approve alternative (a) for the Cherokee Elementary School flood mitigation project. Upon roll call: Dick, yes; Miller, yes; Collins, yes. Motion carried.

The meeting adjourned at 10:50 a.m.

BOARD OF COUNTY COMMISSIONERS
