"HON. Geo. E. Gilmore, Chairman  
Hon. Ira Short,  
Hon. F. M. Wooden,  
Board of County Commissioners, Tulsa County.

Gentlemen:-

I find, to-day that it is practically impossible for me to prepare a Financial statement for supplemental appropriation, General Fund, as of March 31st. To do this work will consume all of ten days, and our force is now overburdened with other work which must be gotten out of the way, so that we could not begin on the Financial Statement until so late in this month that the application for supplemental appropriation could not be filed within this month.

It is our intention, in making this application, to go through all of the claims of this fiscal year and classify same properly, in order to precisely determine the department and account needing additional appropriation. This feature of the application will consume six days, and hence, I have concluded to prepare the application as at the close of business April 30th, 1922, in order that we will not require further additional appropriations.

Now, in regard to your purchasing the additional land for the Poor Farm. It will not be necessary to delay this purchase, and as soon as you are ready to complete the same a claim can be honored and a warrant drawn in payment thereof, and the same can be charged to the Poor and Insane Account until April 30th, at which time we will charge it out of that account and have an appropriation made to cover. We will have ample surplus to take care of this item.

Trusting this will meet your approval, I am,

Respectfully,  
Ed O. Cassidy, Special  
Deputy State Examiner and Inspector.
