In the matter of the petition of property owners for opening of road in Section 12-18- 12, which was referred to the County Engineer for recommendation is returned with the recommendation that nothing be done at this time for the reason that no public necessity exists and the further reason that the property of all the petitioners is now adjacent to an open section line road, and the construction of the work asked for at this time would, in effect, amount to the building of a private entrance.
