The report of Edd O. Cassidy, Special Deputy State Examiner and Inspector, on the condition of the regular audit, and also relative to special work in connection with the audit of the records of Tulsa County, was presented to the Board, and upon motion of W. L. North, seconded by Ed Dalton the report was adopted and the State Examiner and Inspector instructed to perform the services as outlined in the report. Said report being as follows, to wit:-

"HON. BOARD OF COUNTY COMMISSIONERS,  
TULSA, TULSA COUNTY, OKLAHOMA.

Gentlemen:-

Pursuant to a conference held on the 19th day of February, 1920, between Hon. Fred Parkinson, State Examiner and Inspector, Hon. F. M. Wooden, Chairman of the Board of County Commissioners, and the undersigned, I am herewith advising you in regard to the regular audit of the county of Tulsa, and likewise the special work from time to time by your Board assigned to the audit and which is uncompleted.

The regular audit has been completed with the exception of a few days work on the Sheriff's office for 1917, Wm. McCullough, Sheriff, and the audit on the same office for the year 1918. The audit on the sheriff's office for the year 1918 has not yet been begun for the reason that before such work could be instituted, it was necessary to complete a detailed audit of the County, Superior and District Courts in order to establish a control of the sheriff's office for that year on the detailed amounts paid by the Court Clerk to the sheriff for the several courts and we have just recently completed the detailed audit of the several courts for that year.

With the exception of the sheriff's office the work of the regular audit is completed up to and including December 31st, 1918, and the office of the County Clerk, Register of Deeds division has been completed up to and including December 31st, 1919.

Under instructions received from Mr. Parkinson, State Examiner and Inspector, I have transmitted to the department at Oklahoma City, all of the complete audit for the purpose of having same typewritten as the expense of reducing the report to typewritten form will be less by having it done in Oklahoma City, and said work is now in progress and will be rushed to completion in order that the same may be presented for your consideration at as early date as possible. The volume of this work is much more than you have probably conceived as the detailed report already transmitted weighs in the neighborhood of 100 pounds.

During the past six months from time to time your Board has requested the following special services to be performed by the representatives of the Department assigned here, to wit:-

1. Special Examination and Audit of the Tax Ferrit's Rolls for the year 1917 and 1918, M. C. Williams, tax ferrit,

2. Special Examination and audit of the drainage districts within the County for the purpose of ascertaining the amount of assessments against the non-taxable lands with such districts, and certifying such amount to the Congressman representing
