WHEREAS, the Office of the District Engineer, Tulsa District, Corps of Engineers, U.S. Army, has been authorized to acquire title to lands for the construction of said runway and has in letters dated 3 March 1952, and 28 March 1952, re qurested this Board to immediately effect the closure of the approximately 1500 feet of 36th Street North lying East of Memorial Drive, to which letters reference is hereby made; and

WHEREAS, the District Engineer in his said letter of 28 March 1952, states as follows:

" This office has been authorized by the Department of the Air Force and Office, Chief Engineers to advise the County of Tulsa, Oklahoma that the Government, by means of contract with you, as you have requested, will effedt such alternate means of serving the area, now served by 36th Street North proposed to be closed, as can be justified. From previous inspection with representatives of your board, this office agrees that a road connecting 36th St. North with 46th Street North, approximately along the route of the spur tract leading to the Modivication Center, is necessary to adequately serve the traffic flow on 36th Street North, particularly, from the American Airlines Depot. The final plan, however, is subject to the approval of the Secretary of the Air Force.

MONDAY, APRIL 7, 1952

" This letter is to be considered as an assurance by the Government to the County that the closure of 36th Street North will not eliminate the County's legal interest without adequate compensation. The construction of the new North-South runway is now under way. Therefore, it is requested that the County take such action as is necessary to immediately close that portion of the road as referred to in letter dated 3 March 1952.

" It is desired that your office submit an estimate of cost together with a plan of location for the construction of the alternate road and after approval by this office a contract for lump sum settlement will be prepared and submitted to the County for approval. This office will furnish any possible assistance to expedite preparation of the estimate of cost and plan of the alternate road."

and

WHEREAS, an emergency exists and this Board reposes faith in the representations as so made by the Office of District Engineer, and deems it advisable to immediately accede to their request for the closure of 36th Street North as stated; and

WHEREAS, Sections 486 and 487 of Title 69, O.S. 1951, authorize the Board of County Commissioners, with the approval of the State Highway Commission, to grant to the United States of America the right to close any county highway in connection with any national defense project.

NOW THEREFORE BE IT RESOLVED that the Board of County Commissioners of Tulsa County, Oklahoma, subject to the written approval of the State Highway Commission, does hereby grant unto the United States of America, by and through its agencies and representatives, the U. S. Corps of Engineers, the Department of the Air Force, the Office, Chief of Engineers, and the Douglas Aircraft Corporation, the right to close the 1500 feet of 36th Street North as so above set forth, upon condition and upon the written assurance that such closure will not and does not eliminate the County's legal interest without adequate compensation, and upon the further condition that a contract with Department of the Air Force and other Governmental agencies will be effected as expeditiously as possible, embodying the provisions of said letter of 28 March 1952, as so above set forth, and providing therein for the alternate road for serving the area as in said letter set forth, and make provision therein for lump sum settlement with the County based upon the fair cost of construction of said alternate road, including acquisition of necessary rights-of-way and borrow pit areas, and upon the further condition that such agreed lump settlement be made at once and without delay, and that all prudent measures be taken by the Government and its said agencies and contractors to protect the public against injury by reason of said closure.

Passed and Approved this 7th day of April, 1952.

WHEREAS, the United States of America has acquired or will in the immediate future acquire, for the construction, operation and maintenance of an airport runway expansion project of the Department of the Air Force, certain lands situate in Tulsa County, Oklahoma, adjacent to Tulsa Municipal Airport in said County, over which lands a portion of a certain county road, known as "36th Street North," was located; and

WHEREAS, the Board of County Commissioners of Tulsa County, at the request of the Federal Government, and with the written assurance of same that such closure and vacation would not eliminate the legal interest of said County without adequate compensation, duly closed and vacated said portion of 36th Street North by a Resolution regularly passed and approved on the 7th day of April 1952, said Resolution on the 5th day of May 1952, being duly approved by the State Highway Commission of Oklahoma; and

Moved by Commissioner Hardesty, seconded by Commissioner Bailey, that the following resolution be and the same is hereby approved and adopted. Upon roll call, motion carried.

R E S O L U T I O N

On this 11th day of May, 1953, came on for hearing before the Board of County Commissioners of Tulsa County, Oklahoma, the petition of twelve and more resident free-holders of said county for the vacation of the following road located in Tulsa County, Oklahoma:

> A strip of land 25 feet in width running north and south along the east line of Wiggins Re-Subdivision of the East Half of Lot 1 of Polstons Subdivision extending from the north line of the Federal road or highway as now existing to the south line of the road known as Archer Street and which road to be vacated is designated on the plat of said Wiggins Re-Subdivision as 73rd East Avenue.

Said petition and a bond for costs payable to the County, as required by law, were made and given on the 6th day of April, 1953; and due legal notice to the public of the hearing of said petition was published in the Tulsa Daily Legal News for 30 consecutive days, first publication being on the 9th day of April, 1953, and the last day of publication being on the 8th day of May, 1953. Said petition, bond and published notice are in all respects sufficient and were duly made and had in full compliance and in conformance with law. The land described as the road to be vacated hereunder is outside the city limits of the City of Tulsa, Oklahoma, and has never been platted as and is not a part of any plat or addition to the City of Tulsa or any city or town and same has never been used by the public as a road or highway and a road thereon is unnecessary, impractical and undesirable for the purposes of a public road. All of the land comprising said road to be vacated under this petition constitutes a part of said Wiggins Re-Subdivision and will revert and be restored thereto.

BE IT THEREFORE RESOLVED by the Board of County Commissioners of the County of Tulsa, State of Oklahoma, sitting in regular session, that the aforesaid road shall be and is hereby vacated and that the dedication of said road shall be and is hereby set aside and held for naught and the land comprising said vacated road revert to the aforesaid Wiggins Re-Subdivision.

R E S O L U T I O N

On the 24th day of August, 1953, there came on for hearing before the Board of County Commissioners of Tulsa County, Oklahoma, the petition to vacate a county road dedicated to the public use upon the following described land situated in Tulsa County, Oklahoma:

A strip of land twenty feet wide off of the North side of the Southeast Quarter of the Northeast Quarter of Section Fourteen; and

A strip of land twenty feet wide off of the South side of the Northeast Quarter of the Northeast Quarter of Section Fourteen,

both in Township 19 North, Range 13 East,

filed herein on the 27th day of July, 1953, at which time, by resolution of said Board of County Commissioners, said hearing was continued to the 31st day of August, 1953. On this 31st day of August, 1953, said petition comes on regularly to be heard.

MONDAY, AUGUST 31, 1953

Resolution (Cont'd)

It appears that said petition is sufficient in all respects; that said county road is not now and has never been open to our used by the public as a road; that a road thereon is unnecessary and impractical; that said road should be vacated and that the Metropolitan Area Planning Commission of the City of Tulsa approved the proposal to vacate said road by action taken August 19, 1953.

BE IT HEREBY RESOLVED by the Board of County Commissioners of Tulsa County, sitting in regular session, that this Board hereby finds and determines that the above described dedicated road is unnecessary and impractical and that the same be and is hereby vacated.

583-A

TUESDAY, NOVEMBER 10, 1953

O R D E R

The petition of the Budd Lumber Company, an Oklahoma Corporation of Tulsa, Oklahoma, coming on regularly to be heard before this Board of County Commissioners, and after being advised in the premises, it is found, as follows:

That on the 2nd day of October, 1952, the Budd Lumber Company, a corporation, attempted to execute to Tulsa County, Oklahoma, a 5-foot easement on and across the following described property:

> The South Five (S 5') feet of Lot Five (5), Block Three (3), and the North Five (N 5') feet of Lot Six (6), Block Three (3), all in Budd Addition to the City of Tulsa, Tulsa County, Oklahoma, according to the recorded plat thereof; the above-described property being conveyed as an easement to be used for utilities;

That through error the Budd Lumber Company, a Corporation, attempted to convey said easement on a general warranty deed form and referred to said easement therein as an easement, but a title requirement has been made that the error be clarified and in conformity therewith the Budd Lumber Company offers to deliver to Tulsa County a regular and properly executed easement covering the above-described property.

That the Board of County Commissioners of Tulsa County, Oklahoma, after due consideration, finds that it was the intention of the parties to convey an easement only, and that there was no intention that a title in excess of an easement be conveyed.

NOW, THEREFORE, it is hereby ordered that an easement, in correction of the instrument previously executed and filed of record and heretofore referred to, covering the following-described property, to-wit:

> The South Five (S 5') feet of Lot Five (5), Block Three (3), and the North Five (N 5') feet of Lot Six (6), Block Three (3), all in Budd addition to the City of Tulsa, Tulsa County, Oklahoma, according to the recorded plat thereof,

from the Budd Lumber Company, a Corporation, to Tulsa County, Oklahoma, be accepted and placed of record, all to correct the error heretofor referred to.

DONE in regular meeting of the Board of County Commissioners of Tulsa County, Oklahoma, this 10th day of November, 1953.
