FRIDAY, AUGUST 12, 1966

The Board of County Commissioners of Tulsa County, Oklahoma met at the hour of 11:40 a.m. with the following members present: Burkett H. Wamsley, Chairman; Frank O'Brien, Member; and Clyde Winterringer, County Clerk.

Burkett H. Wamsley, Chairman, presiding, the following business was transacted.

Moved by Commissioner O'Brien, seconded by Commissioner Wamsley, to approve Resolution (County Clerk's Misc. File No. 73165) to be drawn by the County Attorney's office to purchase property from the Department of Interior in the amount of $3,600.00. Upon roll call, motion carried.

R E S O L U T I O N

WHEREAS, the County of Tulsa is preparing to construct, grade, drain, and widen North Lewis Avenue to a width of 44 feet, in accordance with the plan and profile designated in "Project Number 1-66-1" which plan is on file in the office of the County Engineer of Tulsa County, Oklahoma; this being a County project paid for by the County funds; and

WHEREAS, for the proper construction of this road and highway it is necessary that the County acquire a right of way over the following tract of land situated in Tulsa County, Oklahoma, to-wit:

East 35', Southeast ¼, Southeast ¼ less South 224.6' thereof Sec. 18 T 20 North R 13 East

Containing 0.46 acres more or less of new right of way, the remaining area in the above description being the existing 1615' of County road right of way.

WHEREAS, the land involved herein is owned by 7 heirs of the original Cherokee Indian allottee, and this land in their hands, being restricted against alienation by an Act of Congress necessitating official approval which may be obtained by the following methods; First, by condemnation in Federal Court, which would require at least 6 months to complete litigation, prior to which no construction could be commenced; or secondly, court approval of executed deeds from all heirs by the County Court of Tulsa County, this method being complicated by the presence of two minor heirs for which guardians would have to be appointed in order to complete guardian sale, and further court approval thereof, with additional extentions of time due to the fact that the minors involved reside in the State of Colorado. This method would require 3 to 6 months litigation before work of any nature could be commenced on said property. Finally, the 3rd alternative to these circumstances being to make application to the area director of the Bureau of Indian Affairs for the Five Civilized Tribes for a permanent right-of-way over said land, this method being available upon consent of a majority of the heirs to said property and upon compliance of various rules and regulations of the Department of Interior, one such requirement being the deposit of a sum of money equal to twice the amount of estimated damages caused by the taking, that portion of said deposit in excess of these damages be refunded upon granting of the permanent right-of-way. The area director in his discretion may grant a temporary right-of entry to allow commencement of construction immediately. The right-of-way being permanent this method of taking would have the same effect as taking by either of the two previously mentioned procedures.

WHEREAS, it appears the best interest of Tulsa County to proceed to acquire this property by making application to the area director of the Bureau of Indian Affairs of the Five Civilized Tribes for a permanent right-of-way as well as seeking permission to commence construction immediately, due to the fact that the progress of this entire project is dependant upon immediate construction upon this property; This being the only legal method for gaining immediate access to said property and necessitating much less time for final completion of the transaction.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Tulsa County, Oklahoma, that the proper application be made to the area director of the Bureau of Indian Affairs, referred to herein, for a permanent right-of-way on said land according to the rules and regulations as set out in Title 25, Code of Federal regulations, Sections 161, et sec., which includes the deposit of a sum not to exceed $3600.00 with said area director.

ADOPTED this 12th day of August, 1966.
