The lessor shall have the free use of gas for lighting and warming his residence on the premises. It is further agreed that a failure on the part of the lessee to use a gas producing well, where the same cannot be reasonably utilized at the rate so prescribed, shall not work a forfeiture of this lease so far as the same relates to mining oil, but if the lessee desires to retain gas producing privileges it shall pay a royalty of fifty dollars per annum in advance, on each gas producing well not utilized, the first payment to become due and to be made within thirty days from the date of the discovery of gas.
