

save said city harmless from any loss, injury or expense, caused or occasioned by reason of any acts of the said grantee, their successors or assigns in the constructing, operating or repairing of the said gas system, which said bond shall be approved by the Mayor and City Council of the City of Tulsa, Indian Territory.

Section 6.-- That for the purpose of supplying said city, the citizens thereof, companies, corporations and all other consumers, herin with natural gas, the said grantee, their successors, or assigns, shall at their own expense furnish and lay all pipe lines necessary to convey the gas to the curb or property line of any property to be supplied, adjacent to any of their gas mains, laterals or pipelines, but the consumer shall bear all further expense for using such gas.

Section 7.-- The grantee shall have the right to make all needful rules and regulations governing their business and the method of connecting their pipe with house piping of the individual premises of any consumer, and shall have the right to use discretion to require all individual piping to be put to recognized safety standard before permitting the same to be connected. Shall also have the right to regulate what individual plumbers or pipe fitters may be permitted to make connections or to tap their mains, or may require of any plumber or pipe fitter security for safe construction and their protection in every respect as the condition of their license to them to make such connections, or may, if they deem advisable permit no person except their own employees to make such connections, provided, that the charge for making such connections shall not be greater than skilled plumbers usually charge for similar work.

Sec. 8.-- Said grantee, their successors or assigns, their agents or employees shall have the right at any time to enter upon the premises of any consumer for the purpose of inspecting the gas pipes, appliances and service, where gas is supplied, and shall have the right to disconnect any consumer who may tamper with any of said appliances, or permit the same to be done, or make any fraudulent representation in regard to the consumption of gas by them, and they may thereafter refuse to furnish gas to the said consumer at the said property, provided, that the city gas inspector shall at all times have the power to inspect the gas plant of said grantee, their successors or assigns, and all meters installed by the said grantee, their successors and assigns.

Section 9.-- That said grantee, their successors, or assigns shall have the right to designate the method of using said gas, by meter, and provide for the economical consumption of same.

Section 10.-- That said grantee, their successors or assigns, shall lay or cause to be laid to the city limits of the said City of Tulsa, Indian Territory, its pipe lines for the purpose of conveying natural gas as aforesaid, on or before December 1st 1906, that said grantee, their successors or assigns shall have laid one main pipe for the conveying of natural gas to the City Hall, or to within one block of the intersection of Main and Second Streets, before January 1st, 1907, and that the said grantee shall have laid or cause to have laid along the principal streets of the City of Tulsa, Indian Territory, pipe lines for the purpose of conveying natural gas to the consumers aggregating 11,560 linear feet on or before the first day of March, 1907, the said grantee, their successors or assigns, shall upon application of any person, firm or corporation located not more than 300 feet distant from the grantee's mains, laterals or service gas lines, supply with gas, firms or corporations with gas under terms herein provided and construct such additional lateral and pipe lines at the grantee's expense, as may be necessary under the provisions of this ordinance relating to service lines, and if the said grantee, successors or assigns shall fail or refuse to have laid such
