But failure on the part of the Lessee to use a gas producing well, where the same cannot be reasonably utilized at the rate so prescribed, shall not work a forfeiture of this lease so far as the same relates to mining oil, but if the Lessee desires to retain gas producing privileges he shall pay a royalty of Fifty Dollars per annum on each gas producing well not utilized, the first payment to become due and to be made within thirty days from the date of the discovery of gas, payments thereafter for such wells to be made in advance at the first of each succeeding year, dating from first payment.

The party of the second part further covenants and agrees to exercise diligence in the sinking of wells for oil and natural gas on the lands covered by this lease, and to drill at least one well thereon within twelve months from the date of the approval of the bond by the Secretary of the Interior, and should the party of the second part fail, neglect, or refuse to drill at least one well within the time stated, this lease may, in the discretion of the Secretary, be declared null and void with due notice to the Lessee and proof of the default; and said party of the second part agrees to operate the same in a workmanlike manner to the fullest possible extent, unavoidable causualities excepted; to commit no waste upon the said land, and to suffer no waste to be committed upon the portion in its occupancy or use; to take good care of the same, and to promptly surrender and return the premises upon the termination of this lease to the party of the first part or to whomsoever shall be lawfully entitled thereto, and not to remove therefrom any buildings or improvements erected thereon during the said term by the said party of the second part, but said buildings and improvements shall remain a part of said land and become the property of the owner of the land as a part of the consideration for this lease, in addition to the other considerations herein specified excepting that tools, boilers, boiler-houses, pipe lines, pumping and drilling outfits, tanks, engines, and machinery, and the casing of all dry or exhausted wells, shall remain the property of the said party of the second part, and may be removed at any time before the expiration of sixty days from the termination of the lease; that he will not permit any nuisance to be maintained on the premises under his control, nor allow any intoxicating liquors to be sold or given away for any purposes on such premises; that he will not use such premises for any other purpose than that authorized in this lease, and that before abandoning any well he will securely plug the
