

places of storing freight and goods, and provide for the passage of railways through the streets and public grounds of the city: also to regulate the crossing of streets by railways tracks, and require gates or flagmen at street crossings, and to provide precautions and prescribe rules regulating the same and to regulate the running of railway engines, cars and trucks and street cars within the limits of said city and to prescribe rules relating thereto and to govern the speed thereof and to make any other and further provisions, rules and restrictions to prevent accidents at crossings and on the tracks of railways and street railways and to prevent fires from engines.

35. To regulate, locate and prohibit the stringing or placing of telegraph, telephone, electric or other wires and to enforce such regulations in regard thereto and to require and regulate the placing of any such telegraph, telephone, electric or other wires under ground.

36. To regulate or prohibit the keeping of cows, hogs, goats, dogs, chickens, geese or pigeons within the city or within certain prescribed limits of the city.

SECTION 4. FIRES.

THE CITY OF TULSA SHALL HAVE POWER:

1. To provide means for the protection against and for the extinguishment of fires, and shall provide for the regulation, maintenance and support of a Fire Department, and for the purpose of guarding against the calamity of fire, may prescribe fire limits, and may regulate or prohibit the erection, building, placing or repairing of wooden buildings within such fire limits in said city as may be designated and prescribed as fire limits, and may also within said limits prohibit the moving or putting up of any wooden building from one place to another within said limits, and may direct and prescribe that all buildings within the limits so designated in the ordinance as fire limits, shall be made or constructed of fire-proof material, the kind, character, extent and quality of which buildings, and material may, by ordinance, be prescribed and fixed, and may prohibit the repairing of wooden buildings in fire limits when the same shall have been damaged to the extent of Thirty three and one third per cent of the value thereof, and may prescribe the manner of ascertaining such damages, and may declare all dilapidated buildings to be a nuisance, and direct the same to be removed or abated in such manner as the Board of Commissioners may prescribe, and may declare all wooden buildings in the fire limits which they deem dangerous to contiguous buildings, or which may cause or promote fires, to be nuisances, and may require and cause the same to be removed in such manner as may be prescribed, at the expense of the owner, and may further prescribe limits within which only a fire-proof roofing may be used, and may impose a penalty for a violation of such rules and regulations. The city shall have the right by ordinance, to regulate, prescribe and govern the storage of lumber, sash, doors, blinds, nitro-glycerine, dynamite, powder and all other commodities of an inflammable combustible or explosive nature, and all kinds of goods, wares and merchandise of every kind and prescribe limits within which such materials may be carried, and fix penalties for the violation of the rules and ordinances governing the same.

2. To procure fire-engines, hooks, ladders, buckets and other apparatus, and organize fire engine, hook and ladder and bucket companies, and prescribe rules of duty for the government thereof, and such penalties as they may deem proper, and make all necessary appropriations therefor.

3. To regulate or prevent the carrying on of manufactories and other works dangerous in causing fires, and to regulate the location of cotton presses, sheds and other buildings dangerous on account of fires.

4. To prevent the deposit of ashes in unsafe places and cause the removal from one's
