

or improvements erected thereon during the term of the lease, shall remain the property of the second part, but said buildings and improvements shall remain a part of said land and become the property of the owner of the land at the expiration of the term of this lease, in addition to the other consideration herein specified, excepting that tools, boilers, boiler-houses, pipe lines, pumping and drilling outfits, tanks, engines, and machinery, and the casing of all dry or abandoned wells, shall remain the property of the said party of the second part, and may be removed at any time before the expiration of sixty days from the termination of this lease; that it will not permit any nuisance to be maintained on the premises under its control, nor allow any intoxicating liquors to be sold or given away for any purpose on such premises; that it will not use such premises for any other purpose than that authorized in this lease, and that before abandoning any well it will carefully plug the same so as to effectually shut off all water above the oil-bearing horizon.

And it is mutually understood and agreed that no sublease, assignment or transfer of this lease or of any interest therein or thereunder can be directly or indirectly made without the written consent thereto of the lessor and the Secretary of the Interior first obtained, and that any such assignment or transfer made or attempted without such consent shall be void.

And the said party of the second part further covenants and agrees that it will keep an accurate account of all oil mining operations, showing the whole amount of oil mined or removed, and all sums due as royalty shall be a lien on all implements, tools, movable machinery, and other personal chattels used in said prospecting and mining operations, and upon all or the oil obtained from the land herein leased, as security for the payment of said royalties.

And the party of the second part agrees that this indenture of lease shall in all respects be subject to the rules and regulations heretofore or that may hereafter be lawfully prescribed by the Secretary of the Interior relative to oil and gas leases in the Cherokee Nation.

And the said party of the second part expressly agrees that should it or its sublessees, heirs, executors, administrators, successors, or assigns, violate any or the covenants, stipulations, or provisions of this lease or fail for the period of sixty days to pay the stipulated monthly royalty provided for herein, then the party of the first part shall be at liberty in her discretion to avoid this indenture of lease, and the same to be annulled, when all the right, franchises, and privileges of the said party of the second part, its sublessees, heirs, executors, administrators, successors, or assigns hereunder shall cease and end without further proceedings.

If the lessee makes reasonable and diligent effort to find and produce oil in paying quantity as is herein required or if, after a year, is unsuccessful, it may at any time thereafter, with the approval of the Secretary of the Interior, surrender and wholly terminate this lease upon the full payment and performance of all its then existing obligations hereunder; Provided, however, that approval or such surrender by the Secretary will be required only during the time his approval of the alienation of the land is required by law.

It is further agreed and understood that this lease shall be of no force or effect unless the party of the second part shall, within sixty days from the date of approval or the application filed in connection herewith, furnish a satisfactory bond in accordance with the regulations of March 20, 1905.
