

making of this lease, Now, Therefore, if the said second party shall not in good faith commence to drill a well on said SW. $\frac{1}{4}$ of Section 36-17-12 within ninety days from said 14th, day of May 1909, and shall not honestly and continuously prosecute said drilling until said well is drilled to a depth of 2250 feet, provided oil or gas in paying quantities is not found at a less depth, and shall not actually produce oil or gas therefrom in commercial quantities, then this lease and agreement shall be null and void; unless the second party shall within sixty days after said well on the SW. $\frac{1}{4}$ of Section 36-17-12 has been drilled to a depth of 2250 feet, commence the drilling of another well within one and one fourth ($1\frac{1}{4}$) miles of the premises herein leased, and shall prosecute said drilling continuously to its completion.

It is expressly agreed and understood that this lease nor any interest therein shall not be assigned without the consent of the party of the first part.

Second party further agrees to protect the lines of this property by offsetting all wells as is the custom of oil men operating in the Gleen Field, and in the event oil or gas is found on the premises to develop the premises as rapidly as a market can be had for the product. All the conditions between the parties shall extend to and apply to their heirs, executors, administrators and assigns.

IN WITNESS WHEREOF, the said parties have hereunto set their hands and seals, the day and year first above written.

Signed in Duplicate.

W. S. Moore
Party of the First Part.
