WHEREAS, Said land is supposed to be within the gas zone and producing territory in said State of Oklahoma, and

WHEREAS, the party of the second part is desirous of securing the gas produced on said lands:

NOW, THEREFORE, the parties hereto hereby stipulate, covenant and agree as follows:

FIRST: That the Gulf Pipe Line company will construct and put down a four (4) inch (4) pipe line from some point on its station grounds at Watkins Station to gas well number on the \_\_\_ of Section \_\_\_ Township \_\_\_ Range \_\_\_ for the purpose of furnishing means for the conveyance of the gas produced on all of the above described lands to said Gulf Pipe Line Company, its subsidiary and affiliated companies, and such other persons as may desire to purchase or use gas:

It is further understood and agreed by and between the parties hereto that the party of the first part shall make all connections with such pipe lines, necessary to connect the same with wells producing or to produce gas on said above described lands, and to put down and maintain at its own expense all lateral lines that may be necessary for such purposes, and that party of the second part is to make all connections, and furnish all lateral lines from the Watkins Station and of said lines and not elsewhere, for the conveyance and distribution of gas for its own use, and the use of its subsidiary and affiliated companies.

The party of the second part is also to put up a good and sufficient meter for the purpose of measuring and determining the amount of gas run through the said four inch (4) pipe line and the laterals and connections of the said Gulf Pipe Line Company and the other companies with which it is associated or affiliated, at the Watkins Station and of said 4 inch line and to run all gas furnished, used and consumed hereunder, through said meter at what is known as low pressure.

It is further stipulated and agreed that the Gulf Pipe Line Company is to furnish a meter at all stations or points of consumption, and that the readings from such meters are to represent the actual amount of gas consumed.

It is further agreed that the first party its agents or employees, shall have the right to inspect the said meters at all times, and in case either party hereto shall desire to have said meters tested, that they can do so at any time, by giving notice thereof to the other party.

It is further understood and agreed that the Margaret Oil Company is to see that a good and sufficient drip is established and maintained at the well or wells from which the gas is being taken before the gas enters the four inch line referred to in this contract so that all water and gasoline that may be in the gas shall be thoroughly drained out at the point of origin, and that a sufficient heater will also be put on and maintained
