e paid to the lessor, as royalty the lo not, before the tenth day of the inally be determined under the dir nonth on or before the twenty-fifth constitute the criterion in computinas-producing well, the lessor	l and natural gas as fuel so far as it is necessipart	ased premises, of all crude oil extra a the value of the crude oil on the ch manner as he shall prescribe, he value of the crude oil fluctuates, hats, at the end of each year, one h warming has residence on the	acted from the said land, and if the particle leased premises, the value thereof and to so pay the royalty accruing for the average value during the month nundred and fifty dollars royalty, on e premises. But failure on the part of
e paid to the lessor, as royalty the o not, before the tenth day of the nally be determined under the dir onth on or before the twenty-fifth onstitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in su day of the month succeeding, and where the general succeeding, and where the general succeeding, and where the general succeeding and succeeding and succeeding the first payment to become due and to be in advance at the first of each succeeding yad part further agrees and binds. Lift all you this lease, the sums of money as followed the per annum, in advance, for the third and seafter of the term for which this lease is to	ased premises, of all crude oil extra a the value of the crude oil on the ch manner as he shall prescribe, ats, at the end of each year, one h warming for residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment payment payment the first payment	acted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month for the average value during the month for the part of the part of the part of the lease so a royalty of fifty dollars per annur the date of the discovery of gas, paymentates to pay or cause to be paid to be per annum, in advance, for the first to per acre per annum, in advance, for teed that said sums of money so paid
e paid to the lessor, as royalty the ont, before the tenth day of the nally be determined under the dir onth on or before the twenty-fifth onstitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in su day of the month succeeding, and where the genter royalty; and to pay in yearly payment to have free the use of gas for lighting and all where the same cannot be reasonably utilized, the first payment to become due and to a in advance at the first of each succeeding yad part further agrees and binds. Life and part further agrees and binds. It is lease, the sums of money as followed in a following the first payment to be sent the third and feafter of the term for which this lease is to see should the same exceed such sums paid aced annual royalty for the period of sixty	ased premises, of all crude oil extra a the value of the crude oil on the ch manner as he shall prescribe, at value of the crude oil fluctuates, at the end of each year, one h warming residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment and seventy-five cen run; it being underslood and agu as advanced royalty, and further, t days after the same becomes due	acted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month aundred and fifty dollars royalty, on e premises. But failure on the part o not work a forfeiture of this lease so y a royalty of fifty dollars per annuate date of the discovery of gas, paymentates to pay or cause to be paid to be per annum, in advance, for the first sper acre per annum, in advance, for the first to provide the said sums of money so paid that should the part of the second and payable, they this lease shall, a
e paid to the lessor, as royalty the o not, before the tenth day of the nally be determined under the dir nonth on or before the twenty-fifth onstitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in such day of the month succeeding, and where the general tensor is an accordance of the month succeeding, and where the per the use of gas for lighting and on the first the same cannot be reasonably utility out if the lessee desires to retain gas-produly, the first payment to become due and to be in advance at the first of each succeeding yand part further agrees and binds. It is also that the per annum, in advance, for the third and eafter of the term for which this lease is to see should the same exceed such sums paid acced annual royalty for the period of sixty divoid, and all royalties paid in advance should the rowalties paid the rowalties p	ased premises, of all crude oil extra n the value of the crude oil on the ch manner as he shall prescribe, ne value of the crude oil fluctuates, ne value of each year, one h warming residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment the property of the crude of the crude ows, to-wit: Fifteen cents per acr of courth years; and Seventy-five cen run; it being understood and agu as advanced royalty, and further, t days after the same becomes du all become the money and property diligence in the sinking of wells f	acted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month audical and fifty dollars royalty, on the premises. But failure on the part of not work a forfeiture of this lease so y a royalty of fifty dollars per annum the date of the discovery of gas, paymentates to pay or cause to be paid to be per annum, in advance, for the first to per are per annum, in advance, for the second that said sums of money so paid that should the part for the second and payable, then this lease shall, a of the lessor
paid to the lessor, as royalty the production of the lessor. The lessor is a condition of the lessor. The lessor is a condition of the lessor. The lessor is a condition of the lessor is a condition of the lessor. The lessor is a condition of the lessor is a condition of the lessor. It is a condition of the lessor is a condition of the lessor. It is a condition of the lessor is a condition of the lessor. It is a condition of the lessor is a condition of the second part is a condition of	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in sure day of the month succeeding, and where the general sure of the succeeding, and where the general sure of the royalty; and to pay in yearly payment of have free the use of gas for lighting and sufficient in the lessee desires to retain gas-product, the first payment to become due and to be in advance at the first of each succeeding yearly on this lease, the sums of money as followed the sum of the term for which this lease is to sufficient of the term for which this lease is to see should the same exceed such sums paid and all royalty for the period of sixty divoid, and all royalties paid in advance she mart further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least d, with due notice to the lessee and pro-	ased premises, of all crude oil extra n the value of the crude oil on the ch manner as he shall prescribe, ne value of the crude oil fluctuates, ats, at the end of each year, one h warming he residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment the house of the first payment the house of the first payment the house of the grant of the courth years; and Seventy-five cen run; it being understood and agu as advanced royalty, and further, t days after the same becomes du all become the money and property diligence in the sinking of wells f the date of the approval of the one well within the time stated, of of the default; and said part	acted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month for the average value during the month for the part of the date of the discovery of gas, paymenters to pay or cause to be paid to be part of the first to pay or cause to be paid to be part of the first to pay or cause to be paid to be part of the part of the part of the second part and payable, then this lease shall, and the leason
paid to the lessor, as royalty the probability of the lessor, as royalty the probability of the lessor. The lessor will be determined under the direction on the one before the twenty-fifth postitute the criterion in computing as-producing well, the lessor. It is seen to use a gas-producing we see the same relates to mining oil, he had gas-producing well not utilized a legal to the part. It is to be made and the part. If the second years; Thirty cents per acretic and each succeeding year there is a credit on the stipulated royaltic eglect or refuse to pay such advantation of the lessor. It is lease, and to drill at least of ould the part. If the second percetary, be dedured null and voice and in a workmanlike manner to make to be committed upon the per second process.	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon the country of the Interior in surday of the month succeeding, and where the genter country is and to pay in yearly payment to have free the use of gas for lighting and all where the same cannot be reasonably utilized, the first payment to become due and to a in advance at the first of each succeeding yearly not his lease, the sums of money as followed and the same exceed such sums paid the eper annum, in advance, for the third and deafter of the term for which this lease is to see should the same exceed such sums paid the example of the term for which this lease is to see should the same exceed such sums paid the example of the term for which this lease is to see should the same exceed such sums paid the example of the term for which this lease is to see should the same exceed such sums paid the example of the term for which this lease is to see should the same exceed such sums paid the example of the term for which the sums paid the first payment for the period of sixty devoid, and all royalties paid in advance should find the continuous the first payment for the lessee	ased premises, of all crude oil extra a the value of the crude oil on the ch manner as he shall prescribe, at the end of each year, one he warming residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment days after the same becomes due all become the money and further, t days after the same becomes due all become the money and property diligence in the sinking of wells f the date of the approval of the one well within the time stated of of the default; and said part sualties excepted; to commit not be good care of the same, and to pu	acted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month aundred and fifty dollars royalty, one premises. But failure on the part of not work a forfeiture of this lease so a royalty of fifty dollars per annur the date of the discovery of gas, payn the date of the discovery of gas, payn that the date of the discovery of gas, payn that the date of the discovery of gas, payn that the date of the discovery of gas, payn that the date of the discovery of gas, payn that the date of the discovery of gas, payn of the series to pay or cause to be paid that should the part of the second and payable, then this lease shall, a of the lessor
paid to the lessor, as royalty the paid, before the tenth day of the inally be determined under the direction on the one before the twenty-fifth constitute the criterion in computings-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon the colon of the Secretary of the Interior in sure day of the month succeeding, and where the use of the interior in sure in the result; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized in the first payment to become due and to en advance at the first of each succeeding year and part further agrees and binds. The later of the term for which this lease is to see should the same exceed such sums paid and and and and royalty for the period of sixty divoid, and all royalties paid in advance should thereon within twelve months from part further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least d, with due notice to the lessee	ased premises, of all crude oil extra the value of the crude oil on the ch manner as he shall prescribe, he value of the crude oil fluctuates, he warming residence on the ized at the rate so prescribed, shall ucing privileges fluctuates he was a shall pay he was a shall pay he was a shall be a shall pay he was a shall be a shall pay he was a shall be a shall be a shall be come the one well within the time stated of of the default; and said part he was a shall be lawfully entitled rt. of the second part, but said	noted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month fundred and fifty dollars royalty, on the part of the date of the discovery of gas, paynthe date of the discovery of gas, paynthe date of the discovery of gas, paynthe part of the part of the part of the second that should the part of the second that should the part of the second of the lesson
paid to the lessor, as royalty the ont, before the tenth day of the mally be determined under the direction of the mally be determined under the direction of the twenty-fifth onstitute the criterion in computing the second to use a gas-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon the common of the Secretary of the Interior in sure day of the month succeeding, and where the gent the royalty; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized in the first payment to become due and to gen advance at the first of each succeeding and part further agrees and binds. The latter of the term for which this lease is to see should the same exceed such sums paid and eafter of the term for which this lease is to see should the same exceed such sums paid and annual royalty for the period of sixty day do and all royalties paid in advance should the row of the term for which the same exceed such sums paid and the first part of the term for which the period of sixty that further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least d, with due notice to the lessee and prothe fullest possible extent, unavoidable carries in the continuation occupancy or use; to take the part of the first part or to who thereon during the said term by the said paperoperty of the owner of the land as a paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the said term by the said paper of the following the s	ased premises, of all crude oil extra the value of the crude oil on the ch manner as he shall prescribe, he value of the crude oil fluctuates, he warming residence on the head of the rate so prescribed, shall he was a shall pay he made within thirly days from year, dating from the first payment head, head, was a fluctuated of the fluctuate head of the same becomes der run; it being understood and agraes and advanced royalty, and further, the days after the same becomes durible become the money and property diligence in the sinking of wells f the date of the approval of the one well within the time stated head of the default; and said part he good care of the same, and to he good care of the same, and to he good care of the same, and to he second part, but said her the consideration for this len her and drilling outfits, tanks, eng	noted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month for the part of the date of the discovery of gas, paynth the part of the first tay paynth the part of the second and payable, the of this lease shall, and the second part agrees to operate the part of the second part agrees to operate the part of the second part agrees to operate the part of the second part agrees to operate the part of the second part agrees to operate the paynth the said land, and to suff the second part agrees to operate the paynth the part of the second part agrees to operate the paynth the part of the second part agrees to operate the paynth the said land, and to suff the second part agrees to operate the paynth the payn
se paid to the lessor, as royalty the onet, before the tenth day of the nally be determined under the direction on the part of the continue the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in sure day of the month succeeding, and where the general ten in the royalty; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized that it has been according to the first payment to become due and to be in advance at the first of each succeeding your for the first payment to become due and to be in advance at the first of each succeeding your for the third and selfer of the term for which this lease is to see should the same exceed such sums paid used annual royalty for the period of sixty divid, and all royalties paid in advance she well thereon within twelve months from part further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least do, with due notice to the lessee and prothe fullest possible extent, unavoidable cause to in the continuation of the first part or to who thereon during the said term by the said papers, both of the order of the said part and of the said term by the said papers, both of the said part and o	ased premises, of all crude oil extra n the value of the crude oil on the ch manner as he shall prescribe, he value of the crude oil fluctuates, he value of the crude oil fluctuates, has, at the end of each year, one he warming has residence on the ized at the rate so prescribed, shall ucing privileges shall pay he made within thirty days from year, dating from the first payment has, has, excelled a finithment ows, to-wit: Fifteen cents per acr fourth years; and Seventy-five cen run; it being understood and agn as advanced royalty, and further, the days after the same becomes due all become the money and property diligence in the sinking of wells for the date of the approval of the one well within the time stated of of the default; and said part we good care of the same, and to pr msoever shall be lawfully entitled rt. of the second part, but said urt of the consideration for this let mg and drilling outfits, tanks, eng necond part, and may be removed unisance to be maintained on the	neted from the said land, and if the pare leased premises, the value thereof and to so pay the royalty accruing for the average value during the month nundred and fifty dollars royalty, on e premises. But failure on the part of not work a forfeiture of this lease so y a royalty of fifty dollars per annumble date of the discovery of gas, paymenters to pay or cause to be paid to be part of the first to pay or cause to be paid to be per annum, in advance, for the first to per acre per annum, in advance, for the first to per acre per annum, in advance, for the first to per acre per annum, in advance, for the first to per acre per annum, in advance, for the first to perform the performance of the lessor of the second and payable, then this lease shall, a of the lessor of the lessor of the lessor of the Interior, this lease shall, and the second part agrees to operat waste upon the said land, and to suffromptly surrender and return the present thereto, and not to remove therefrom buildings and improvements shall rease, in addition to the other considera ines, and machinery, and the casing at any time before the expiration of the premises under.
se paid to the lessor, as royalty the onet, before the tenth day of the mally be determined under the direction on the fore the twenty-fifth constitute the criterion in computing as-producing well, the lessor to use a gas-producing well seem to use a gas-producing well not utilized And the part. of the second part of the second years; Thirty cents per acretic for such wells to be made and succeeding year there a credit on the stipulated royaltieglect or refuse to pay such advanged on the lessor, be null and The part. of the second pay this lease, and to drill at least o should the part. of the second perion of the lessor, be null and the part of the second pay this lease, and to drill at least o should the part. of the second perion of the lessor of the second pay this lease, and to drill at least o should the part. of the second perion of the termination of this lease the part of said land and become the crein specified, excepting that toray or exhausted wells, shall remain any from the termination of the leason any intoxicating liquors to burpose than that authorized in this	sum of ten per cent. of the value, on the lemonth succeeding its extraction, agree upon ection of the Secretary of the Interior in such and yof the month succeeding, and where the general tension in the property of the control of the first payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized that it has been added to be in advance at the first of each succeeding, and part further agrees and binds that all you this lease, the sums of money as followed the same exceed such sums paid and part further for which this lease is to see should the same exceed such sums paid acted annual royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalty for the period of sixty divide and all royalties paid in advance she well thereon within twelve months from part fail, neglect, or refuse to drill at least divide the period of the first part or to who the period of the first part or to who thereon during the said term by the said part property of the owner of the land as a papole, boilers, boiler-houses, pipe lines, pumping in the property of the said part and of the said part and of the said part.	ased premises, of all crude oil extra a the value of the crude oil on the ch manner as he shall prescribe, a the value of the crude oil fluctuates, ats, at the end of each year, one he warming residence on the ized at the rate so prescribed, shall ucing privileges shall pay be made within thirty days from year, dating from the first payment days after the same becomes due as advanced royalty, and further, the days after the same becomes due the become the money and property diligence in the sinking of wells for the date of the approval of the second part and said part the good care of the same, and to pure msoever shall be lawfully entitled reference of the same, and to pure msoever shall be lawfully entitled reference of the same, and to pure msoever shall be lawfully entitled reference of the same, and to pure msoever shall be lawfully entitled reference on the the first payment for the consideration of the second part, but said art of the consideration for this lear man derling outfits, tanks, eng the payment the prescribed.	acted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month aundred and fifty dollars royalty, on e premises. But failure on the part o not work a forfeiture of this lease so y a royalty of fifty dollars per annunt the date of the discovery of gas, paymentates to pay or cause to be paid to e per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in advance, for the first per acre per annum, in the second and payable, then this lease shall, a of the lessor
e paid to the lessor, as royalty the onet, before the tenth day of the nally be determined under the direction on the forest the twenty-fifth constitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon the count of the Secretary of the Interior in sure day of the month succeeding, and where the gent of the same cannot be reasonably utilized in the first payment to become due and to gent of the first payment to become due and to gent advance at the first of each succeeding and part further agrees and binds. It is a first of each succeeding and part further agrees and binds. It is a first of each succeeding and part further agrees and binds. It is a first of the term for which this lease is to see should the same exceed such sums paid and and an and all royalties paid in advance shows that further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least do, with due notice to the lessee	ased premises, of all crude oil extra the value of the crude oil on the ch manner as he shall prescribe, the value of the crude oil fluctuates, the value of the same beauty from the value of the same becomes days and sadvanced royalty, and further, the days after the same becomes days diligence in the sinking of wells for the date of the approval of the one well within the time stated the of the default; and said party sualties excepted; to commit not the come the income the same, and to pe missever shall be lawfully entitled the consideration for this lear and drilling outfits, tanks, eng the same of the same and to pe missever the consideration for this lear the consideration for t	neted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month aundred and fifty dollars royalty, on the permises. But failure on the part of not work a forfeiture of this lease say a royalty of fifty dollars per annunt the date of the discovery of gas, paymentates to pay or cause to be paid to be per annum, in advance, for the first is per acre per annum, in advance, for the first is per acre per annum, in advance, for the second as and payable, the of this lease shall, a of the leason
se paid to the lessor, as royalty the onet, before the tenth day of the mally be determined under the direction on the one before the twenty-fifth constitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the lemonth succeeding its extraction, agree upon ection of the Secretary of the Interior in sure day of the month succeeding, and where the gent he royalty; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized in the first payment to become due and to a in advance at the first of each succeeding, and part further agrees and binds. The latter of the term for which this lease is to see should the same exceed such sums paid acted annual royalty for the period of sixty divoid, and all royalty for the period of sixty divoid, and all royalties paid in advance she well thereon within twelve months from part fail, neglect, or refuse to drill at least do, with due notice to the lessee and protte fullest possible extent, unavoidable caption in the coccupancy or use; to take the part of the first part or to who thereon during the said term by the said part property of the swind part for the said part of the first part or to who thereon during the said term by the said part property of the said part	ased premises, of all crude oil extra the value of the crude oil on the ch manner as he shall prescribe, the value of the crude oil fluctuates, the value of each year, one he warming residence on the tized at the rate so prescribed, shall ucing privileges shall pay the made within thirty days from year, dating from the first payment the the very fluctuate of the prescribes of the prescribes of the transfer of the same becomes due the days after the same becomes due all become the inoney and property diligence in the sinking of wells f the date of the approval of the one well within the time stated to for the default; and said part the condition of the same, and to put missever shall be lawfully entitle the date of the same, and to put missever shall be lawfully entitle the of the consideration for this let mand drilling outfits, tanks, eng the premises; that the condition of the same that transfer of this lease or of any int the Secretary of the Interior first of	acted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month aundred and fifty dollars royalty, on e premises. But failure on the part of not work a forfeiture of this lease say a royalty of fifty dollars per annum the date of the discovery of gas, paymenters to pay or cause to be paid to be per annum, in advance, for the first is per acre per annum, in advance, for the first is per acre per annum, in advance, for the first is per acre per annum, in advance, for the seed that said sums of money so paid that should the part of the second and payable, then this lease shall, a of the leason or oil and natural gas on the lands con bond by the Secretary of the Interior, this lease may, in the discretion of the second part agrees to operative thereto, and not to remove thereform buildings and improvements shall rease, in addition to the other considerations, and machinery, and the casing at any time before the expiration of a premises under the control con
e paid to the lessor, as royalty the onet, before the tenth day of the nally be determined under the direction on the fore the twenty-fifth constitute the criterion in computing as-producing well, the lessor to use a gas-producing well and gas-producing well not utilized. And the part of the second part of the second, as advanced annual royal and the part of the second years; Thirty cents per acrefith and each succeeding year there a credit on the stipulated royaltieglect or refuse to pay such advance ption of the lessor, be null and The part of the second pay this lease, and to drill at least of hould the part of the second pay this lease, and to drill at least of hould the part of the second pay this lease, and to drill at least of hould the part of the second pay the termination of this lease to part of said land and become the point be termination of this lease to part of said land and become the termination of the lessor was provided wells, shall remain any from the termination of the lessor of the second pay the part of the termination of the lessor of the second pay the part of the termination of the lessor of the second pay the part of the second pay the pa	sum of ten per cent. of the value, on the le month succeeding its extraction, agree upon ection of the Secretary of the Interior in sure day of the month succeeding, and where the gight royalty; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized in the first payment to become due and to en advance at the first of each succeeding yearly on this lease, the sums of money as followed and the same exceed such sums paid and part further agrees and binds. The same cannot have a sure of the term for which this lease is to eas should the same exceed such sums paid and annual royalty for the period of sixty divoid, and all royalties paid in advance she want further covenants and agrees to exercise ne well thereon within twelve months from part fail, neglect, or refuse to drill at least d, with due notice to the lessee	ased premises, of all crude oil extra the value of the crude oil on the ch manner as he shall prescribe, he value of the crude oil fluctuates, he value made within thirty days from he war, dating from the first payment he was to wit: Fifteen cents per acrea fourth years; and Seventy-five cen run; it being underslood and aga as advanced royalty, and further, the days after the same becomes du diligence in the sinking of wells f the date of the approval of the one well within the time stated of of the default; and said party be good care of the same, and to pe msoever shall be lawfully entitled rt	neted from the said land, and if the pane leased premises, the value thereof and to so pay the royalty accruing for the average value during the month a land to so pay the royalty accruing for the average value during the month a land and fifty dollars royalty, on e premises. But failure on the part of not work a forfeiture of this lease so y a royalty of fifty dollars per annun the date of the discovery of gas, paymentates to pay or cause to be paid to be per annum, in advance, for the first ts per acre per annum, in advance, for the first ts per acre per annum, in advance, for the second hat should the part of the second and payable, then this lease shall, a of the lessor of the lease shall, a of the lessor of the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and to suffer the second part agrees to operate waste upon the said land, and the casing of at any time before the expiration of a premises under control will not use such premises for any case at the second of all water a cerest therein or thereunder can be directed, and that any such assignment ents, tools, movable machinery, and desired account of all oil mining operations, tools, movable machinery, and the case of the second part agrees the second of all oil mining operations, tools, movable machinery, and the said
e paid to the lessor, as royalty the onot, before the tenth day of the nally be determined under the direction on the forest the twenty-fifth constitute the criterion in computing as-producing well, the lessor	sum of ten per cent. of the value, on the lemonth succeeding its extraction, agree upon ection of the Secretary of the Interior in surday of the month succeeding, and where the gent he royalty; and to pay in yearly payment of have free the use of gas for lighting and all where the same cannot be reasonably utilized in the first payment to become due and to ein advance at the first of each succeeding and part further agrees and binds.
